Our Mission

Help the physically and mentally challenged to become self reliant, realise their full potential and enhance their capabilities to the maximum possible.

Our Vision

To have a society where the physically and mentally challenged lead a life of care, dignity and respect.

Khushboo was established on 13 November 1995 as a non-profit organization under the Societies Act, 1860 to provide holistic care and multifarious services to people with mental and multiple disabilities.

Message from the President

Dear Friends,

The last quarter beginning was full of activities and achievements.

It saw various celebrations like New Year, Holi, Family picnic, etc. We had some therapeutic interventions such as an Eye camp, camps attended by a Pediatrician, Neurologist, Orthopedician, Dietician, etc.

Our children continue to participate and excel in sports and other extra-curricular activities.

There were training programs for the staff on important topics such as Prevention of Sexual harassment etc.

However, the quarter ended on a very unpleasant note. Coronavirus reached India and it brought the challenges currently faced by the whole world. In the initial days, we took all the necessary preventive measures to ensure all the children and staff remain safe from the spread of the Virus through the availability of sanitizers, discontinuation of the Biometric machine, etc. As soon as the government announced the closure of all schools, we promptly ensured compliance.

To help the families to ensure taking good care of the children, a day schedule was worked out by the staff and shared with them. The feedback from parents to this is very encouraging. I would request you to visit our Facebook & LinkedIn pages and watch the videos of the parents.

Corona has shaken the world and India too has seen the consequence of the same. I foresee Khushboo facing serious challenges on account of the availability of funds. The corporate performance will surely be impacted, which will have a cascading effect on their donations to social causes. The government is also

asking Corporates to contribute to Government funds. It is likely that existing donors, who have the capacity to donate may shift their priority to support COVID-19 related programs.

Khushboo is a small NGO, largely dependent on Corporates for the funding, hence we earnestly request our donors to continue their support during this period, so that we are able to provide care to children with mental and multiple disabilities.

With best wishes,

President

Rakesh Jinsi
