MESSAGE FROM PRESIDENT

Dear Friends,

Last quarter saw a steady increase in the number of children under our care. After a figure of 100, we managed to get back to our pre-covid strength of 115.

We also held our annual parent's convention. The turnout was extremely encouraging and we realized that Covid had resulted in creating a very diverse program participant body, in terms of economic, social as well as geographic background.

The convention also gave us deeper insights into the needs of the parents, who gave many relevant suggestions, some of them being:-

- Inter School Competitions to be organized.
- Identify the talents and capabilities of the children and train them in those areas.
- Timing of the center to be extended, especially for young adults and to have extra activities.
- Regular & Increased no. of counseling sessions.
- Male helper for boys.
- More focus on sports activities of children

While we will work on the suggestions, encouraged by this response, we will also try to increase the frequency of such interactions.

With the support of all our stakeholders, we endeavor to continuously improve the quality of our program.

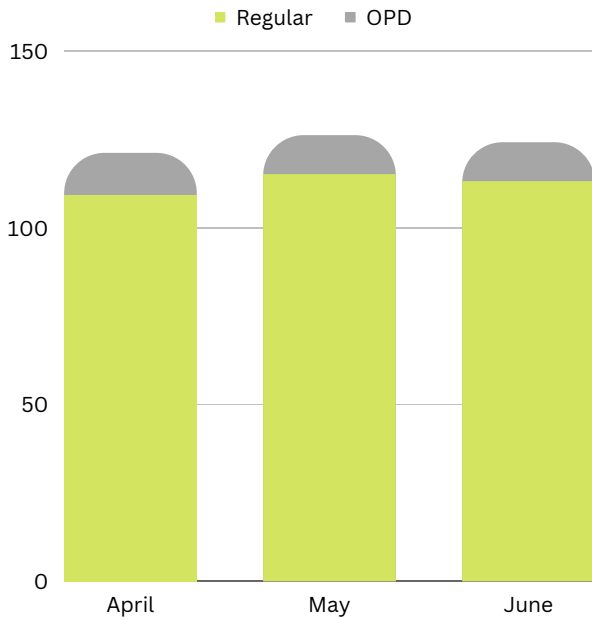

I hope you will find the newsletter informative and useful.

Best wishes,

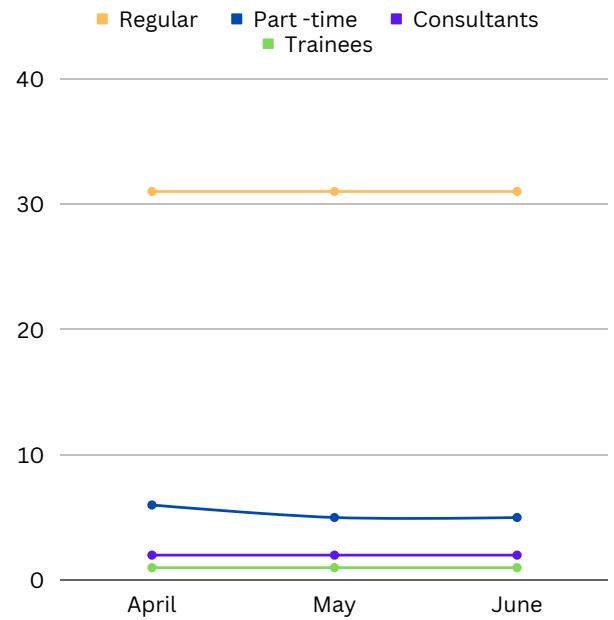

Rakesh Jiinsi
President
