# Message from President

Dear Friends,

The opening up of the center consequent to the reduction in Covid restrictions in the last quarter, helped the physical attendance of the children move in upward direction. The engagement of the children with the outside world also increased substantially.

We moved from online to offline activities. Under Therapeutic Services we resumed the Physio therapies, occupational therapies, Yoga, music, dance, pottery while under our Life Skills Development we restarted activities like Interpersonal skills, Home management & housekeeping, Cooking & catering, Computers, Gardening and Art & craft etc.

Children celebrated various festivals and events viz Republic Day Celebrations, Holi, Women's Day with full enthusiasm. Some of our children were winners of the painting competition organized by Concern India.

We collaborated with Prishni and organized a webinar where in Khushboo experts shared their knowledge on Autism Care. This webinar was not only for Khushboo parents and caregivers but also for other parents of the special children.

Some of the donors also visited Khushboo to see the working of the center. It gives me immense pleasure to share that we have crossed another milestone in our Residential Facility project. We have completed the construction of security guard room, electric panel room and one staff quarter. It would have not been possible to do this without the support of socially aware individuals and corporates under their CSR initiatives.

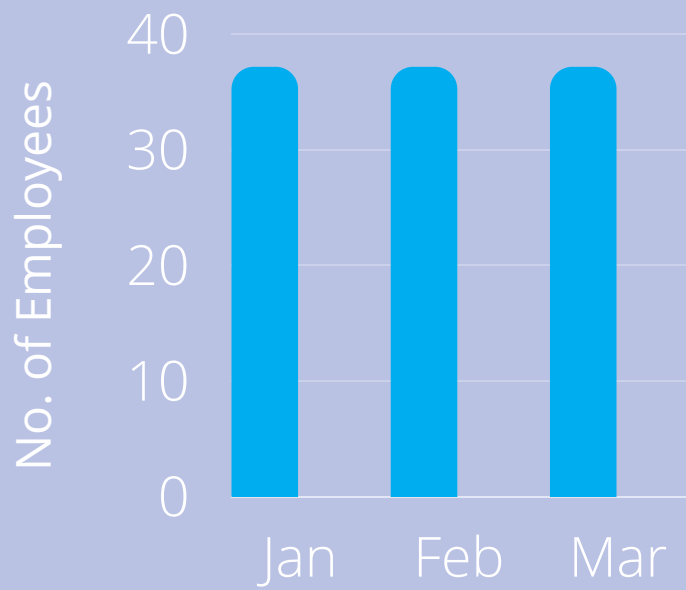

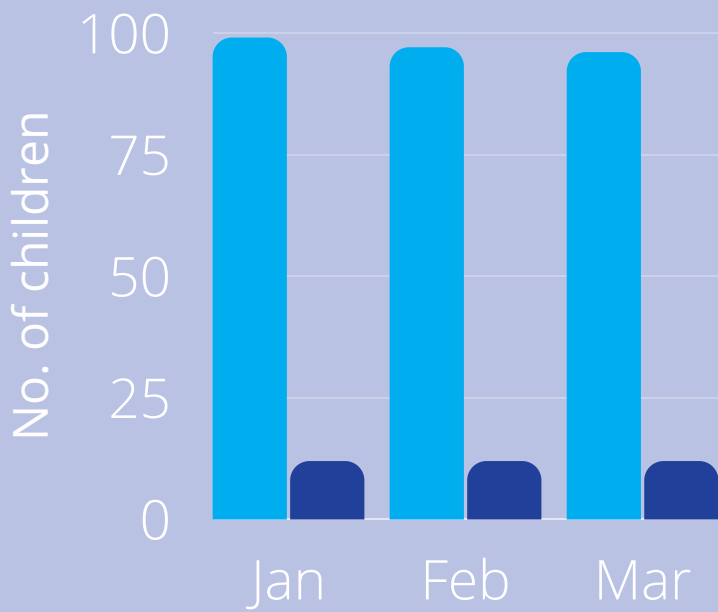

We look forward for your support to enable us to continue to look after special children at Khushboo's Day Care Center and also complete the construction of the Residential Facility.

Best wishes,

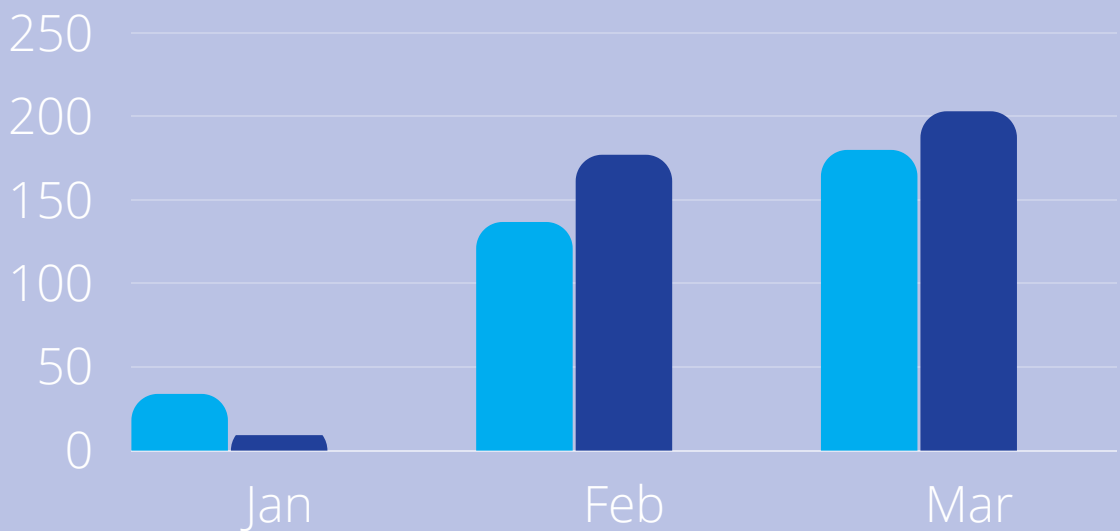

Rakesh Jinsi  
President
