#### Message from President

Dear Friends,

I wish all of you and your families a very happy New Year. May 2021 bring health, harmony and prosperity to the entire world.

Last quarter was a very special one for us as we reached a major milestone .Khushboo completed 25 years of service to children with special needs. We were very eagerly looking forward to this occasion and had grand plans to celebrate it. But the ongoing pandemic forced us to abandon them and we had to be content with celebrating it through the online medium. It has been a long journey, starting from a rented accommodation with 10 children to now a self -owned campus with 120 children and having enabled many children to become more self- reliant apart from providing relief to the families.

We celebrated our Silver Jubilee milestone by hosting an online panel discussion(Webinar) on “The challenges faced by persons with disability and their families”. We were very fortunate, as many eminent experts and leaders of the Social sector participated in the panel discussions. The panel also included the parent of a special child. Khushboo also used the occasion to recognize partners who reposed confidence in us and supported us in the very initial stages. Long serving employees were also recognized, as were the children who have been with us for a long time. Recognition of Alumni who had become self reliant was another highlight of the event.

COVID restrictions made us continue with our online sessions. However the relaxations permitted by the government enabled us to start individual therapy sessions. This provides a big relief to the children as discontinuation of personalized therapies may result in deterioration of their medical condition.

With best wishes,  
Rakesh Jinsi
